Jersey. Went to Hoboken Police Headquarters for the record which Capt. Garrick is looking up, but he stated that he had been busy and has not had the chance to date, but promised to do so.

Operative then went to #66 Park Ave. and again interviewed Mrs. Van Rhody, who informed me that Harry Ray was friendly with her up until 6 months ago when they had a quarrel and she has not seen him since. She stated that he is a man about 48 years of age and she knew him to be a piano player and to have worked on ships. She advised that he is known around Monroe, Jackson and First Streets and gave me the names of several people to see. Tried to locate these people to interview them, but could not find any of them or information regarding them.

Respectfully submitted;
